"Beach Street"

A small street but a very busy one, and well supplied with bathing beaches, Back Beach and Front Beach.

From where I stood to paint this picture is a fine restaurant delightfully named "Cap'n Jack's Leg". At the very end is Main Street; also you can see one of the nice churches of the town.

Dear Bertha. I certainly wish I could complete my Christmas list by coming to your fair. Sounds wonderful & I know you'll make a mint. - We had a good trip, did us both good. We're so thankful we were home when Bob died & thankful he's gone. - Eliza both sounded so much happier over her mother. So that's good.
Love Adela
